BRONCHITIS, WHOOPING-COUGH,

WE invite the attention of the public to the certificates appended below, and bespeak for them that candid consideration which their honest frank-

joral, do not wantonly trifle with, or distort facts, nor overstate their convictions. Judge then, whether this is not the medicine to trust when you must have relief for the throat or lungs; judge too, whether every family ought not to have it by them as a safe guard against the everywhere prevailing enomy, which steals with fatal frequency upon almost every flock and carries off the lamb from many a home?

Dr. J. C. Ayer.

Sir—The Cherry Pictoral is much inquired after.

Several of our best Physicians have used it, three of them in their own case, and always with the happiest effects. The numerous patient medicines alwe will warrant to sell a better article than can be bought elsewhere, more highly finished, and at as low price as in any other market in the United States. Any good bricklayer can put these Mantels up. Call and examine for yourselves, at the northwest corner of Third and Main street, Louisville Ky.
